# ENCLOSED TRACK MECHANICAL HANDLING & SAFETY SOLUTIONS

## MET-TRACK® WORKSTATION BRIDGE CRANES

- Loads up to 4000lbs
- Bridge lengths up to 34ft
- Runway supports up to 30ft
- Kit form
- Low cost
- Simple to install and extend
- Large range of mounting options
- Mixed capacity systems
- Bridge buffers
- Telescopic bridges
- Cantilever bridges
- Motorized tractor units
- Track transfer units
- Ceiling & Floor Mount Options

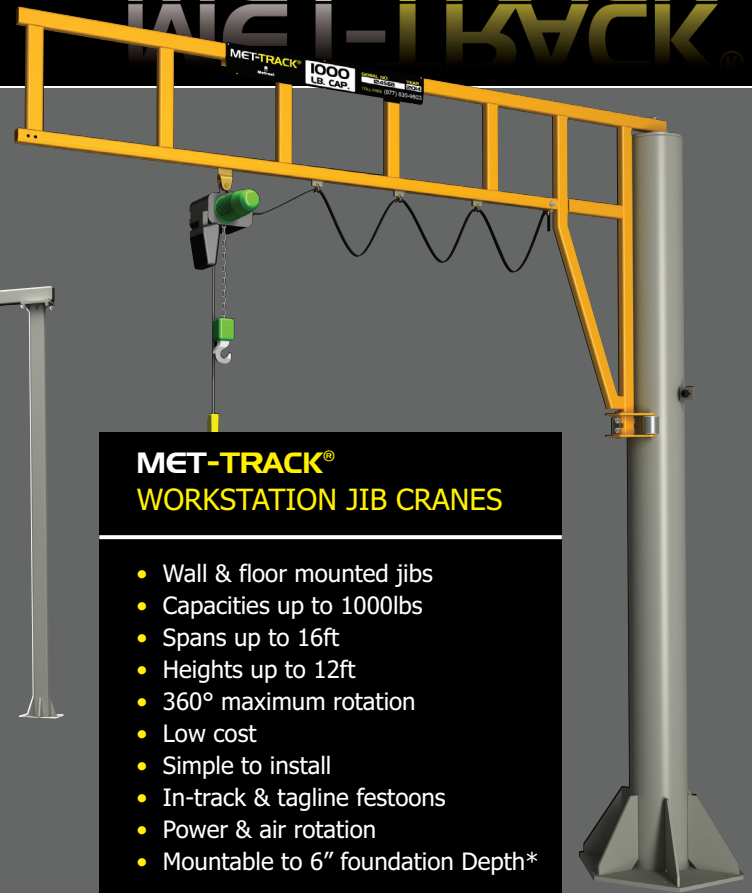

## MET-TRACK® WORKSTATION MONORAILS

- Floor & ceiling mounted monorails
- Capacities up to 4000lbs
- Supports up to 30ft
- Kit form
- Low cost
- Simple to install and extend
- Motorized tractor units

## MET-TRACK® WORKSTATION JIB CRANES

- Wall & floor mounted jibs
- Capacities up to 1000lbs
- Spans up to 16ft
- Heights up to 12ft
- 360° maximum rotation
- Low cost
- Simple to install
- In-track & tagline festoons
- Power & air rotation
- Mountable to 6" foundation Depth\*

\*Supplied with a Direct Mount Base Plate suitable for mounting to a 6" Reinforced concrete foundation.

## SAFETRACK® FALL ARREST & FALL RESTRAINT

- Rigid Rail Fall Arrest Track
- Suitable for Fall Arrest & Fall Restraint
- Support Centres up to 39ft
- Up to 8 users
- Zero track deflection
- Minimal fall distance / Less fall clearance
- Reduced risk of secondary fall injuries
