

## EQ Series

Powered by the sophistication of Italian design and engineering, Refresh Fans have been created specifically for North American climates and applications.

# Efficient. Effective. Essential.

### Direct Drive Motor. Green Technology Energizes the Earth and your Business.

### EQ SERIES FANS ARE ALSO MADE FOR:

**Cannabis Grow Ops  
Greenhouses  
Horse Stables  
Produce Farms**

### MOST REFRESHING HVLS FANS IN THE WORLD

Our mission is simple. Manufacture fans that circulate large volumes of air, offering excellent energy and cost savings, coupled with extraordinary performance. This ideology makes our fans the most refreshing, possibly in the world.

### AGRICULTURAL BEAST. REFRESHING FANS. SUPERIOR VITALITY.

Whether you are growing cannabis or milking cows, Refresh Fans has the solution for your air movement needs. Our EQ range of HVLS fans helps improve yields from cows and cannabis, alike. We know that dairy farming can get messy! Our EQ range of HVLS fans is equipped with an IP65-rated motor and anodized aluminum blades. Feel free to spray them clean. With Refresh Fans, it's okay if the sh\*t hits the fan. We've got you covered.

### BENEFITS AND FEATURES:

- ❑ IP 65 rating for easy cleaning with water jets
- ❑ Silent operation with gearless motor and custom airfoil design
- ❑ Diameter options from 10 to 20 feet
- ❑ Ideal to integrate with HVAC systems, for energy savings and CO2 emission reduction
- ❑ Maintenance free motor & Robust steel structure for long life
- ❑ Key safety features (main security wire, additional stabilizing cables, hub safety ring)
- ❑ Blades terminals designed to optimize performance and acoustic comfort
- ❑ Hub cover for better aesthetics and protects motor from dust
- ❑ Simple electrical connections
- ❑ Integrated EMC filters to prevent electromagnetic interference from other devices
- ❑ Fans are suitable for operating temperatures up to +50°C
